**PONCA CITY FIRE NEWS**  
**Ponca City Fire Department**

**FIRE HYDRANT TESTING BEGINS OCTOBER 23, 2023**

The Ponca City Fire Department will begin flow-testing and maintenance of fire hydrants in the southern areas of Ponca City on Monday, October 23rd. This hydrant testing project will last approximately three weeks with all hydrants south of Highland Avenue and Lake Road being tested. Maintenance will occur between the hours of 8:30 am and 4:30 pm on the following days;

**MONDAY** – The area between Flormable Street and Osage Street

**TUESDAY** – The area between Osage Street and 4th Street

**WEDNESDAY** – The area between 4th Street and 9th Street

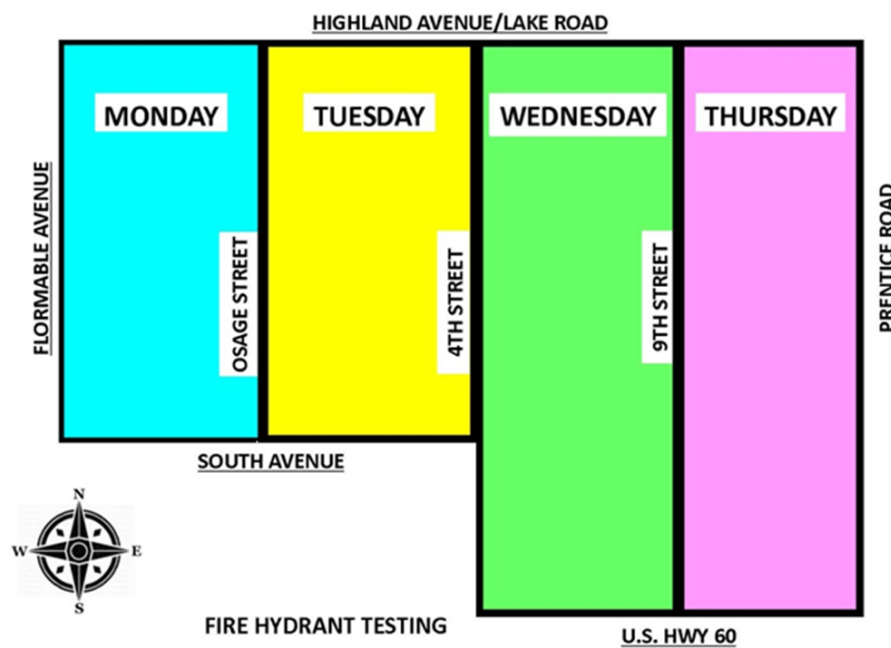

**THURSDAY** – The area between 9th Street and Prentice Road

Hydrant testing near your home may cause your tap water to be discolored. If discoloration is noticed, you should flow water from the faucets in your home until it becomes clear again.

Water discoloration is not a health threat. However, water should be monitored before washing clothes because discolored water may stain clothing.

Residents who live near area borders should also monitor their water on the days designated for testing in adjacent areas.

Thanks for your patience and understanding while we work to maintain a safe community.
